(You need to know the location of each)

www.leonschools.net

layers are solid, one of these layers is liquid, and one of these layers is gas. The Atmosphere The earth is surrounded by all kinds of gases called the atmosphere. Without the atmosphere life on earth would not be possible. The atmosphere gives us air, water, and warmth. The atmosphere protects us from the harmful rays of the sun and from meteorites. This layer around the earth is a colorless, odorless, tasteless sea of gases. The
