van van You havent said which engine you have got so I presume it is the 1.8 diesel.

Therefore, when you go to start it when it is cold, wait for the glow plug light to go off then wait approx another 15 seconds as the glow plugs continue to heat up after the light goes off before you try to start it.

The North American variant of the Ford Escort is a small family/compact car introduced by Ford in 1980 for the 1981 model year. Sharing its name with the third-generation European Ford Escort, the model line is the first front-wheel drive Ford developed and sold in North America. The direct successor of the Ford Pinto, as the

You do not need to change motor oils if your new Ford Escort motor is the same as your old one. However, if the motor you buy is brand new, you may want to use a premium brand of conventional oil. Other factors to consider for your Ford Escort motor oil include your driving habits, how many miles you expect to drive your Escort each day, and ...
