assumed that these personnel are familiar with the servicing procedures for these products, or like or similar products manufactured and marketed by Generac.

www.generator-parts.com

Hi Hank - I have a Generac qp-40, model 007909-0. The generator hasn't been operated in many months. I was able to start the generator today, but it won't continue to run. It oscillates for about 10 seconds then quits. It seems there may be a problem with the choke control, because if I hold it (open I presume) the engine will run normally.
