A keto diet is well known for being a low carb diet, where the body produces ketones in the liver to be used as energy. It's referred to as many different names - ketogenic diet, low carb diet, low carb high fat (LCHF), etc. When you eat something high in carbs, your body will produce glucose and insulin.

Diffusers require very little in the way of maintenance to keep them working as they should- but they do require regular care. You can follow our step by step cleaning guide, which basically describes what parts of your diffuser needs attention and cleaning to ensure it is diffusing as it should. The most common problem is a build up of mineral buildup from your water, as well as oil residue ...
