Language learning for social purposes. This includes language learning for mobility or where the local language is taught as a foreign language to incoming students. It also relates to language learning for employability, travel (holidays or living abroad) or for heritage/family reasons.

Supporting independent language learning: development for ...

teachers can play in enabling and supporting independent learning. The review suggested that successful independent learning depends on a number of external and internal factors. External factors involve the creation of a strong relationship between teachers and students and the establishment of an enabling environment in

Independent Language Learning in Distance Education ...

Developing Independent Learners. By providing a structure, you are setting the boundaries for the learning and situating it somewhere specific inside the vast mass of all that is possible. By giving pupils options and choices within that framework, you are encouraging them to make decisions and to be independent.

Supporting independent language learning : Issues and ...

Support for independent language learning. To be successful in a language most learners will probably need to do language practice outside formal lessons in the classroom. This has always been the case. Indeed, for some learners formal lessons may not be an option at all. There is nothing new about independent learning.

Supporting Independent Language Learning Issues

Note: Citations are based on reference standards. However, formatting rules can vary widely between applications and fields of interest or study. The specific requirements or preferences of your reviewing publisher, classroom teacher, institution or organization should be applied.

Language learning - lanqua.eu

Scott is typical of a student with an underlying language disorder which disrupts his ability to follow verbal instructions and routines and which has obvious consequences for learning. Students for whom these problems exist therefore may have 'language' disorders in the speech pathologist's sense of the term.

Brightside Mentoring - Bright Knowledge

Once children receive a diagnosis of a language delay or learning disability, they often discover that they have 'processing delays' as well. What does "processing delay" mean? This term refers to the time it takes for the child to process information from text, from the oral information or to decipher vocabulary.

What is independent learning and what are the benefits for ...

Assessment of independent language learning can appear problematic. A common concern is that when independent language learning takes place, as tutors we do not have control over what is learned or how it is learned. Logically we cannot be sure what a students' language learning outcomes are as a result of this activity.

Independent Learning in the Classroom - Mike Gershon

Learning disabilities in math vary greatly depending on the child's other strengths and weaknesses. A child's ability to do math will be affected differently by a language learning disability, or a visual disorder or a difficulty with sequencing, memory or organization.

Current Issues in English Language Teaching and Learning
